### Scenarios of the Organizing Centers and their Missionary Potential

This document presents six scenarios for organizing the Biblical Mission, building on the young Catholic leadership potential within reach through ecclesial structures and organizations that serve young people. We hope that these six scenarios awaken interest, hope, creativity, and the ability to organize, achieving their potential over time as the Biblical Missions multiply. At the end of the document there are some examples for scheduling the Biblical Mission sessions at various sites during the week, and for distributing the sites across a region.
