

"GOD'S WORD
COMES TO LIFE
IN YOUNG PEOPLE"

Biblical Mission for
Youth and Young Adults

CORE TEAM MANUAL

The *Core Team Manual* is directed to the group of adults organizing the Mission who take on the roles of training and advising the Teams of Young Missioners. It is closely related to the *Manual for the Team of Young Missioners*, which presents the Mission's *mística*, with its theological and pastoral foundations, thus reinforcing the primary role of young people as evangelizers among their peers.

In this *Manual*, the Core Team finds the necessary guidelines to identify, train, and advise the young missioners, following the foundational principles of youth and young adult ministry in the United States and Latin America. It also offers practical resources in order to plan and carry out the necessary activities when implementing the Biblical Mission, always respecting the pastoral protagonism of the young people.

Both manuals are designed for all of the Biblical Missions, "God's Word Comes to Life in Young People." In contrast, the *Mission Guidebook* and *Journal* will focus on the particular aspects of Christian missionary discipleship highlighted in each Biblical Mission.
