MANUAL FOR THE TEAM OF YOUNG MISSIONERS

The *Manual for the Team of Young Missioners* is directed to the young people facilitating the four sessions of the Biblical Mission, "God's Word Comes to Life in Young People." It empowers them to respond in a profound, yet attainable way, to Jesus' call to continue his mission in this day and age among their peers, as evangelizers or hosts.

This *Manual* provides guidelines for the evangelizers to proclaim God's Word, facilitate the sessions, and lead other young people in prayer. It shows the hosts how to build community, helping to form the young body of Christ here and now. It encourages everyone to bring Jesus' Good News to young people who—whether aware or not—are thirsty for God and his kingdom of love, justice, peace, freedom, and truth.

This *Manual* goes hand-in-hand with the *Core Team Manual*. It offers guidelines and resources to train the young missioners through a formation-in-action process.
